SUMMARY

Ambitious chemistry student with a deep fascination for web development, specializing in MERN stack technologies. A quick learner with a strong foundation in HTML, CSS, and JavaScript, dedicated to crafting visually appealing and functional websites that exceed client expectations.

SKILLS

- **Expertise:** ReactJs | TailwindCSS | Bootstrap | CSS3 | HTML5 | XML
- **Comfortable:** JavaScript
- **Familiar:** NodeJs | MongoDB | ExpressJs
- **Tools:** Chrome Developers Tools | VS Code | Firebase | GitHub | Netlify | Vercel
- **Soft Skills:** Communication | Team Player | Hard-Working
- **Extra Skills:** Graphics Design | Facebook Ads

PROJECTS

1. Saucy Culinary School || MERN Stack Website || [GitHub \(Client\)](#) || [GitHub \(Server\)](#) || [Live Website](#)

Technologies: ReactJs | MongoDB | ExpressJs | JWT | React Query | Firebase | TailwindCSS

Key Features:

- User management system. Students, instructors, and admin have different dashboards.
- Safe payment environment.
- The user role is verified with JWT and has dynamic routing.

2. Car Palace - E-Commerce Website || MERN Stack Website || [GitHub \(Client\)](#) || [GitHub \(Server\)](#) || [Live Website](#)

Technologies: ReactJs | MongoDB | ExpressJs | Firebase | REST API | TailwindCSS

Key Features:

- An e-commerce website where sellers can add their products and consumers can buy from here.
- Sellers can manage their products on a private route.
- Designed and implemented a responsive website with RESTful API integration, utilizing ReactJS for the front-end and MERN stack for backend development.

3. Mexican Chef - Chef's Community || MERN Stack Website || [GitHub \(Client\)](#) || [GitHub \(Server\)](#) || [Live Website](#)

Technologies: ReactJs | MongoDB | ExpressJs | REST API | Firebase | TailwindCSS

Key Features:

- A community to find the country's best chefs.
- Users can see the recipes and mark them as their favorites.
- Built a feature-rich website incorporating RESTful API, utilizing ReactJS for frontend interactivity.

EDUCATION

B.Sc. in Chemistry at Government Titumir College

2022 - Present

EXTRACURRICULAR ACTIVITIES

Envoy at Government Titumir College Research Club

2022 - Present

HOBBIES & INTERESTS

Beyond coding, I have a strong enthusiasm for digital art and try to illustrate some sceneries. Additionally, I explore some technologies and see the usage of that technologies. Moreover, I am a freak of outdoor sports. Also, I try to learn different speaking languages.

LANGUAGES

Bengali - Expert (Native)

English - B2 (IELTS 6.5)
