PROJECTS

Car Palace - E-Commerce Website|| MERN || Github (Client) || Github (Server) || Live Website
Technologies: ReactJS, MongoDB, ExpressJS, Firebase, REST, Tailwind CSS
Key Features:

- An e-commerce website where sellers can add their products and consumers can buy from here.
- Sellers can manage their products on a private route.
- Designed and implemented a responsive website with RESTful API integration, utilizing ReactJS for the front-end and MERN stack for backend development.

Mexican Chef - Chef's Community|| MERN || GitHub (Client) || GitHub (Server) || LiveWebsite
Technologies: ReactJS, MongoDB, ExpressJS, Firebase, REST, Tailwind CSS
Key Features:

- A community to find the country's best chefs.
- Users can see the recipes and mark them as their favourites.
- Built a feature-rich website incorporating RESTfulAPI, utilizing ReactJSfor frontend interactivity.
